

**Notice of Opportunity for Public Comment
Proposed Amendment to PSD Permit
BP Cherry Point Refinery**

Applicant

BP Products North America Inc.
4519 Grandview Road
Blaine, Washington 98230

Project location

4519 Grandview Road, Blaine, Washington

Proposed project

BP owns and operates the BP Cherry Point Refinery, in Blaine, Whatcom County.

BP applied for an amendment of their Prevention of Significant Deterioration (PSD) permit to:

- Change the testing frequency for sulfuric acid mist emission.
- Express the concentration limit in dry standard condition.
- Fix a typo.

PSD increases in air pollution

The proposed permit change will not cause or contribute to violations of any national air quality standards (NAAQS) or PSD increments requirements. An increment is the amount of increased pollution an area is allowed. It prevents air quality in clean areas from getting worse.

Ecology's proposed decision

Ecology proposes to amend the PSD permit.

Review the proposed permit

The proposed PSD permit and the technical support document are available at:

- https://fortress.wa.gov/ecy/ezshare/AQ/PSD/PSD_Permits.htm

Comment on the proposed permit

Public comment period: March 9, 2022 – April 11, 2022 (to be extended if we hold a public hearing)

Public hearing: Ecology may decide to have a public hearing if someone asks for one.

To comment or request a public hearing:
